PROFILE SUMMARY

Detail-oriented Full Stack Web Developer skilled in HTML, CSS, JavaScript, ReactJS, SQL, Node.js, Express, and MS Excel for efficient data analysis and organization. Experienced in building responsive, user-focused, and data-driven applications with strong problem-solving and analytical abilities. A quick learner with excellent communication and teamwork skills, committed to delivering high-quality results in dynamic environments.

EDUCATION

JB INSTITUTE OF ENGINEERING AND TECHNOLOGY	2021 - 2024
B-Tech (Electronics of Communication Engineering)	CGPA: 7.29/10

KSHATRIYA COLLEGE OF ENGINEERING	2018-2021
Diploma(Electronics and Communication Engineering)	CGPA:7.95/10

WORK EXPERIENCE(Internship)

Web Developer Tekfinotax	April 2025 to June 2025
-----------------------------------	-------------------------

- Developed and deployed two company websites: Image Editing Services and Website Design Services.
- Built responsive and interactive UIs using HTML, CSS, JavaScript, and React.js.
- Integrated frontend with Node.js and Express.js backend services.
- Managed data operations and dynamic form submissions using MySQL.
- Deployed projects via GitHub and Vercel, ensuring version control and seamless delivery
- Collaborated with the team on debugging, testing, and improving internal tools for the tax and financial services domain.

PROJECTS

TITLE:E-Commerce-[Link](#)

Technologies: React.Js,Tailwindcss, React Bootstrap

Team Size:2

- Developed an e-commerce application featuring a user-friendly signup and login system, enabling users to register and access the shopping platform seamlessly.
- It contains dynamic product listings for both men's and women's clothing, complete with category-based filtering, a responsive design, and a seamless shopping cart.
- Also integrated a Wishlist feature to allow users to save favorite items for later.
- Made sure that it is responsive so that it can be used in any devices (mobile phones, laptops) without any trouble.
- Implemented routing for efficient navigation and collaborated in a team of two to handle project requirements, development, and testing.

TITLE: Todo List Application -[Link](#)

Team Size:1

- Developed a Todo List application using React.js, implementing features like add, edit, delete, and mark tasks as complete.
- Managed component state and passed props appropriately to ensure a responsive UI.
- Utilized React's component lifecycle/hooks to handle dynamic updates.
- Applied CSS/HTML for styling and layout to deliver a clean user interface.
- Built using Create React App as the project scaffold
- Handled build & deployment scripts (npm start, build, etc.) as part of the project setup.

TECHNICAL SKILLS

- **Web Technologies:** HTML, CSS, JavaScript
- **Backend:** NodeJS, ExpressJs
- **Data Tools:** MS Excel
- **Library:** React JS
- **Developer Tools:** Vs code, Git, GitHub
- **Database:** SQL

CERTIFICATION

- Certified in Web Development from 10000 Coders
